**Dates Received or Inspected : 1/1/2008 though 1/15/2008**

<b>Region</b>	<b>Inspection Date</b>	<b>Date Received</b>	<b>Suspected Source Owner/Operator</b>	<b>City</b>	<b>County Name</b>	<b>Type of Complaint</b>	<b>Complainant</b>	<b>Inspector Initials</b>	<b>NOV</b>
KCRO		1/7/2008	CITY OF ST. JOSEPH	St. Joseph	Buchanan	Burning	Francis Gaume		
<b>Comments</b>									
<b>Comp. No.</b>	KC0811965	<b>Comp. Info</b>	The complainant stated the City of St. Joseph was burning fallen limbs from the ice storms. The complainant believes the reported party used an air curtain destructor, but the pollution was still excessive. The complainant is concerned about the respiratory harm. The complainant would like to be contacted and a message left if they are not available.						
KCRO		1/7/2008	PREMIUM STANDARD FARMS	Gentry	Gentry	Odors	Neil Craven		
<b>Comments</b>									
<b>Comp. No.</b>	KC0811978	<b>Comp. Info</b>	The complainant reported odor from the Premium Standard Farms Pedler Facility in north Gentry County.						
KCRO		1/8/2008	CITY OF SAVANNAH	Savannah	Andrew	Burning	Guy Speckman		
<b>Comments</b>									
<b>Comp. No.</b>	KC0811970	<b>Comp. Info</b>	The complainant stated the City of Savannah and Andrew County are burning storm debris within the city limits. The burning is leaving smoke damage to homes in the area and causing health problems. The soot from the fire is evident on streets, yards, homes and decks.						
KCRO		1/8/2008	CITY OF SAVANNAH	Savannah	Adair	Burning	Anonymous Residents		
<b>Comments</b>									
<b>Comp. No.</b>	KC0811971	<b>Comp. Info</b>	Residents of White Oak Manor Senior Citizen Housing state that the City of Savannah is burning brush in town within 150 feet of their buildings. Many of the residents have respiratory problems and are having breathing problems. One resident with a respiratory problem required an ambulance. The housing manager contacted the city who told the manager "you will just have to hold your nose till we're done." Black soot is settling on all of the buildings. The residents stated the smoke was getting in their homes and don't understand why the city is burning the brush in town when there is plenty of city property out of town to use.						
KCRO	1/22/2008	1/14/2008	STACY ABBATE	Rich Hill	Bates	Burning	Clinton Leer, Rich Hill Police	MRM	A2729
<b>Comments</b> Mr. Michael Miller, an inspector with the Missouri Department of Natural Resources' Kansas City Regional Office (KCRO), observed where the reported party open burned prohibited waste material (bed springs and a garden house). Mr. Miller issued Notice of Violation (NOV) #A2729KC.									
<b>Comp. No.</b>	KC0811987	<b>Comp. Info</b>	The complainant stated the reported party open burned waste material including a garden house and old bed springs at 1:34 p.m. on December 20, 2007.						

## Monthly Air Pollution Control Program Detail Report

*note: "Comp. Info" refers to complainant information. This is the information the department receives from the complainant and seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

**Dates Received or Inspected : 1/1/2008 though 1/15/2008**

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Complaint</i>	<i>Complainant</i>	<i>Inspector Initials</i>	<i>NOV</i>
KCRO		1/15/2008	SHARP BROTHERS	La Due	Henry	Fugitive Dust	Anonymous		
<b>Comments</b>									
<b>Comp. No.</b>	KC0811982	<b>Comp. Info</b>	The complainant is concerned with a grain elevator operation located on Highway T in La Due. The debris from the elevator and when the elevator is cleaned is outside and blowing dust throughout the town.						
NERO		1/4/2008	VICTORIA & TIM TIMBROOK	Clarence	Shelby	Burning	Anonymous	DLK	
<b>Comments</b> Mr. Don Kinkhorst, an inspector with the department's Northeast Regional Office (NERO), noted that regional office staff contacted the Clarence Fire Chief, Bill Hall. Chief Hall went to the Timbrook residence and informed the reported party the open burning must cease.									
<b>Comp. No.</b>	NE08406	<b>Comp. Info</b>	The complainant stated the reported party burn waste behind their home. The complainant believes the waste includes a couch, mattress, carpet and linoleum. The reported party was burning cabinets at the time of the complaint.						
NERO	1/8/2008	1/8/2008	NATHAN VOSS CONSTRUCTION C	Jefferson City	Cole	Burning	Anonymous	SMB	
<b>Comments</b> Mr. Steve Boone, an inspector with the NERO, made a visit to the new home construction site and observed a burn pit next to the house. Mr. Boone did not observe any burning taking place during the visit. Mr. Boone contacted Mr. Jason Laughlin, an employee who stated the facility only burned cardboard and untreated lumber. Mr. Boone explained the statewide restrictions against burning of any waste at a construction site and gave Mr. Laughlin copies of the Facts on Open Burning and Managing Construction and Demolition Waste. On January 9, 2008, Mr. Boone spoke Mr. Nathan Voss via telephone and explained the burning regulations. Mr. Voss agreed to stop all burning of construction waste. Mr. Voss stated the facility currently takes shingles and other waste to the landfill, but was under the perception waste could be burned if it was located outside city limits. Mr. Boone conducted an Environmental Assistance Visit (EAV) and informed Mr. Voss of the open burning rules. Mr. Boone also explained to Mr. Voss the requirements for obtaining a permit to burn brush from a land clearing operation.									
<b>Comp. No.</b>	NE08408	<b>Comp. Info</b>	The complainant stated two different contractors were constructing duplexes in a subdivision and burned their waste on an almost daily basis. The complainant appreciates the reported party's effort to pick up the waste and keep the job site clean, but would rather the reported party utilize the regular trash service in the area instead of burning the waste. LaCharette in the Natchez Subdivision in Southwest Jefferson City.						
NERO		1/15/2008	HOLY FAMILY CHURCH SCHOOL	Hannibal	Marion	Asbestos	Kevin O'Brien	SMB	
<b>Comments</b>									
<b>Comp. No.</b>	NE08417	<b>Comp. Info</b>	The complainant stated some undocumented asbestos containing material was delivered to Eagle Ridge Landfill on August 1, 2007. The generator of the waste was Holy Family Church School in Hannibal. The complainant believes the school placed approximately one cubic yard of floor tile in a two cubic yard container and took it to Eagle Ridge Landfill for disposal.						
NERO	1/15/2008	1/15/2008	DALE MEINHART	Kahoka	Clark	Burning	Gerald Johnson	SMB	
<b>Comments</b> Mr. Boone explained to the complainant that the state does not regulate outside wood furnaces used for home heating. The complainant has already spoke with the reported party and the city about the problem. Mr. Boone discussed with the complainant the process of revising air pollution rules.									
<b>Comp. No.</b>	NE08427	<b>Comp. Info</b>	The complainant stated the reported party an outside wood furnace that puts out so much smoke the complainant cannot go outside his home at times without getting an asthma attack. The reported party burns firewood in a large outdoor wood furnace.

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Complaint</i>	<i>Complainant</i>	<i>Inspector Initials</i>	<i>NOV</i>
SERO	1/9/2008	12/18/2007	BUTCH BURROW	Malden	Dunklin	Burning	Anonymous	DRL	
<b>Comments</b>	Mr. Dennis Lyons, an inspector with the department's Southeast Regional Office (SERO), noted the reported party tore down a house and is reusing the material. A small warning fire in a 55 gallon drum was keeping the workers warm. Mr. Lyons did not observe any other fire on-site.								
<b>Comp. No.</b>	SE08430	<b>Comp. Info</b>	The complainant stated the reported party burned material from a house being torn down.						
SERO	1/2/2008	1/2/2008	CITY OF MINER	Miner	Scott	Burning	Anonymous	CJB	
<b>Comments</b>	Mr. Joe Blume, an inspector with the SERO, contacted the City of Miner Fire Department and requested a copy of their report be faxed to the SERO. The report stated the house had no power running to it and the gas had been turned off. The roofing and window material had been removed. The house appeared to have been prepped for a demolition. The fire department listed the fire as accidental. Mr. Blume did not observe any violations on-site.								
<b>Comp. No.</b>	SE08467	<b>Comp. Info</b>	The complainant stated the reported party burned down a two-story house. The shingles and window materials were removed from the house before the reported party burned it.						
SERO	1/15/2008	1/4/2008	DON SPENCER	Rolla	Phelps	Burning	Anonymous	MO1	
<b>Comments</b>	Ms. Michelle Oglesby, an inspector with the SERO, visited the reported party's property on January 15, 2008, and observed the burn site and the burned remains of furniture along with construction and demolition waste. The reported party informed Ms. Oglesby an individual that works for him was "cleaning up" the remains of a trailer and decided to burn the demolition waste. The reported party also stated the remaining construction and demolition waste is being properly disposed of and the individual is no longer allowed to open burn on the reported party's property. Ms. Oglesby gave and discussed with the reported party technical bulletins on open burning and managing construction and demolition waste.								
<b>Comp. No.</b>	SE08516	<b>Comp. Info</b>	The complainant stated the reported party burned chairs, mattresses, desks, and other unknown items along with household waste.						
SERO		1/7/2008	UNKNOWN	Rolla	Crawford	Particulate	Anonymous		
<b>Comments</b>									
<b>Comp. No.</b>	SE08473	<b>Comp. Info</b>	The complainant stated a business was being torn down and the insulation was blowing everywhere.						
SERO		1/10/2008	JOE & JENNIFFER HARRIS	West Plains	Howell	Burning	Monty Wiens		
<b>Comments</b>									
<b>Comp. No.</b>	SE08483	<b>Comp. Info</b>	The complainant stated the reported party runs an aluminum smelter at two locations. The complainant observed black and brown smoke as well as a low continuous rumble (noise). The complainant stated the noise of trucks and equipment is present 24 hours a day. The complainant believes the reported party conducts open burning at the site. There are numerous junk cars and old containers of drums and barrels located on the property. The complainant also stated the fence around the property is made out of junk.

SWRO		1/7/2008	CHANDLER PROPERTIES	Nixa	Christian	Burning / Odors	Bruce Martin		
<b>Comments</b>									
<b>Comp. No.</b>	SW0811416	<b>Comp. Info</b>	The complainant stated over several days contractors in the complainant's area had been burning construction debris. The odors became more acrid and irritating to the lungs. The area is in Nixa and is known as Chandler Properties. On the morning of the complaint at 10:30 a.m., the complainant stated there were three separate piles of materials burning behind several condominiums. The burning included flakeboard, plain wood, treated lumber, paper, and plastics. The complainant spoke with one of the guys cleaning up and told him the burning smoke was traveling several blocks and causing problems in the neighborhood. When the complainant asked the man why they were burning, the man stated his dumpster was full. The man told the complainant he had a permit to burn. The complainant explained he is a retired employee for the department and the state does not allow burning of most materials. The man stated they would allow the materials to burn down and not add anymore. The complainant requested someone visit the site to investigate the complaint.						
SWRO		1/7/2008	CUSTOM CHANNEL LETTERS	Versailles	Morgan	Burning	Lydia Higile		
<b>Comments</b>									
<b>Comp. No.</b>	SW0811417	<b>Comp. Info</b>	The complainant stated the reported party was burning things that smelled toxic in Versailles. The complainant was concerned about the potential release of toxic fumes and her health.

<b>Comments</b>									
<b>Comp. No.</b>	SW0811420	<b>Comp. Info</b>	The complainant reported strong odors coming from nearby businesses (a dog food plant and sewage retention pond). The complainant stated it is an ongoing problem, depending on wind direction, etc. The complainant also stated she has heard the dog food plant violates emission regulations during the third shift, then lowers their emissions in morning to be back in compliance. The complainant notices the odors when she first goes into work in the morning. The complainant also stated occasionally they get a powdery film on vehicles from emissions. The complainant asked whether particulate emissions from the protein/dog food plant could be getting into the ventilation system at a nearby flour making plant and contaminating the flour. The complainant would like to talk with the inspector.

Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

**Dates Received or Inspected : 1/16/2008 though 1/31/2008**

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Complaint</i>	<i>Complainant</i>	<i>Inspector Initials</i>	<i>NOV</i>
KCRO	1/25/2008	1/25/2008	TIM HORTON	Oak Grove Village	Lafayette	Burning	Sni Valley Fire Protect. Dist.	MRM	A2732
<b>Comments</b>	Mr. Miller issued NOV #A2732KC to the reported party for open burning prohibited materials including automobile parts, mattresses, appliances, and furniture.								
<b>Comp. No.</b>	KC0812058	<b>Comp. Info</b>	The complainant observed the reported party open burning waste materials including metal automobile parts, fiber glass automobile body parts, appliances, mattresses and furniture on January 25, 2008, at 9:00 p.m.						
KCRO	2/1/2008	1/28/2008	LEETON ELEVATOR	Leeton	Johnson	Fugitive Dust	Chester Hodkins	MRM	
<b>Comments</b>	Mr. Miller did not observe any fugitive dust at the time of the inspection. However, Mr. Miller spoke with the facility manager who agreed to take measures to reduce the amount of dust on the grounds and prevent it from going off-site.								
<b>Comp. No.</b>	KC0812010	<b>Comp. Info</b>	The complainant stated for several years he has been bothered by heavy brownish dust from the elevator. Some of the dust is on the ground and becomes airborne with truck traffic. The complainant believes the dust and noise are usually worse at night. The complainant also believes the seed is being dried and bagged. The dust occurs year round. The complainant contacted the department because of health concerns.						
KCRO	2/1/2008	1/29/2008	CAROLYN COCHRAN	Bates City	Lafayette	Burning	Sni Valley Fire Protect. Dist.	MC	A2652
<b>Comments</b>	Since the reported party did not contact the local fire department before burning, burned after 4:00 p.m., burned logs greater than three inches in diameter, and burned waste other than vegetation, the reported party was in violation of the permit issued by the local fire department. Because the reported party was in violation of 10 CSR 10-3.030, Mr. Cunningham issued NOV #A2652KC.								
<b>Comp. No.</b>	KC0812014	<b>Comp. Info</b>	The complainant reported an open burn containing dimensional lumber and tires is in violation of regulations.						
KCRO	2/1/2008	1/30/2008	CHICKEN GROWERS	Sedalia	Pettis	Odors	Tammy Brown	MRM	
<b>Comments</b>	On February 1, 2008, Mr. Vani determined the odors were from contract chicken growers for Tyson. Mr. Vani noted the odors from contract chicken growers that are not classified a Class IA are not subject to regulation under 10 CSR 10-2.060, "Control of Emission of Odors."								
<b>Comp. No.</b>	KC0812011	<b>Comp. Info</b>	The complainant reported severe odor from the Tyson chicken processing plant. The complainant stated on a scale from one to ten, with one being the worst, the odor is a one.						
KCRO	1/28/2008	2/6/2008	UNKNOWN	Clinton	Henry	Burning	Bob Wornell	RAV	
<b>Comments</b>									
<b>Comp. No.</b>	KC0812038	<b>Comp. Info</b>	The complainant reported an unknown utility burns their waste including utility poles and other trash outside of the city of Clinton. The complainant also mentioned the local fire department is a "members only" and will not respond. The complainant stated the reported party was burning at the time of the complainant (10:15 a.m. on February 6, 2008).

<b>Comments</b>									
<b>Comp. No.</b>	NE08441	<b>Comp. Info</b>	The complainant stated the reported party is not properly handling transite resulting from a demolition at 469 South Benton Street in Marshall. The complainant believes the reported party buried the transite at that location.						
NERO	1/29/2008	1/29/2008	NELSON, DAVID	Chillicothe	Livingston	Burning	Anonymous	MGS	
<b>Comments</b> Mr. Michael Sudholt, an inspector with the NERO, contacted Mr. Kevin Hoskins, of the Chillicothe Fire Department, and asked him to check on the complaint of open burning at the demolition site. Mr. Hoskins contacted Mr. Sudholt to report that Mr. Nelson was burning untreated lumber in a wood stove in the contractor trailer at the demolition site. Mr. Hoskins did not find any violation of either Chillicothe's regulations or the state regulations.									
<b>Comp. No.</b>	NE08447	<b>Comp. Info</b>	The complainant stated the reported party is demolishing three large commercial buildings in Chillicothe and has been burning at the site off and on for the past month. The complainant also stated a large fire was burning scrap lumber at the site at 12:28 p.m.						
NERO	1/29/2008	1/30/2008	UNKNOWN	Jefferson City	Cole	Odors	Dan Davis	DLK	
<b>Comments</b> On January 29, 2008, at 7:00 a.m., Mr. Kinkhorst noted the wind was reported out of the southeast at approximately six miles per hour. On January 30, 2008, at 7:00 a.m., the wind was reported calm at 4:00 a.m. out of the north northwest. On February 7, 2008, Mr. Kinkhorst met with Mr. Hilbert and reviewed the facility's activities. Mr. Hilbert informed Mr. Kinkhorst that the only odor would be from a small amount of propane from the propane truck connection when filling is complete. Mr. Hilbert believed this would result in a mercaptan odor instead of a gasoline or diesel fuel odor. Mr. Kinkhorst also noted another potential source is the Bee Line Convenience Station located at 2205 Southridge Drive. Mr. Kinkhorst discussed the issue with the Bee Line Operations Manager, Ms. Pam Cafourek, who stated the facility received 8,006 gallons of unleaded gasoline at approximately 8:00 a.m. on January 29, 2008. There were 2,000 gallons of gasoline in the tank prior to the delivery on January 29, 2008, and the tank holds 16,000 gallons. The tank vapors are vented while filling. Mr. Kinkhorst did not observe any odors at the time of his investigation. Mr. Kinkhorst met with the complainant and requested they contact the department when the odor is observed again so further correlation can be made.									
<b>Comp. No.</b>	NE08449	<b>Comp. Info</b>	The complainant stated at 7:00 a.m. each morning a strong petroleum odor is observed at their residence. The complainant believes the odor is coming from the Conoco Phillips Pipeline Terminal on Idlewood Drive.

<b>Comments</b>	Mr. Arnold noted if the reported party complies with the county regulations of no outside repair work such as painting, sandblasting, etc., this should allow the reported party to comply with the bulk of the state regulations.								
<b>Comp. No.</b>	SL08309	<b>Comp. Info</b>	The complainant stated the reported party recently (in the past six months) purchased a building for use as an auto repair facility. The Jefferson County permits required all work to be conducted indoors. The complainant believes the reported party paints and sandblasts autos in the open behind the facility. The sandblast residue become airborne and travels to adjoining properties. The county officials have been ineffective at enforcing county permit requirements. The reported party refused to address the issue per requests made by local residents on January 15, 2008. The complainant indicated the bank will instruct the local code enforcement to require the reported party to comply with the county permit regulations. On January 22, 2008, the complainant also stated the reported party sandblasted outdoors on January 21, 2008, causing residue to settle on the complainant's patio. The complainant video taped the event and contacted the local sheriff's department. The complainant believes when a deputy responded the reported party told the deputy that the county indicated sandblasting can be done in the open.

**Dates Received or Inspected : 2/1/2008 though 2/15/2008**

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
KCRO	2/1/2008	1/28/2008	LEETON ELEVATOR	Leeton	Johnson	Fugitive Dust	Chester Hodkins	MRM	
<b>Comments</b>	Mr. Miller did not observe any fugitive dust at the time of the inspection. However, Mr. Miller spoke with the facility manager who agreed to take measures to reduce the amount of dust on the grounds and prevent it from going off-site.								
<b>Comp. No.</b>	KC0812010	<b>Comp. Info</b>	The complainant stated for several years he has been bothered by heavy brownish dust from the elevator. Some of the dust is on the ground and becomes airborne with truck traffic. The complainant believes the dust and noise are usually worse at night. The complainant also believes the seed is being dried and bagged. The dust occurs year round. The complainant contacted the department because of health concerns.						
KCRO	2/6/2008	1/28/2008	UNKNOWN	Clinton	Henry	Burning	Bob Wornell	RAV	
<b>Comments</b>									
<b>Comp. No.</b>	KC0812038	<b>Comp. Info</b>	The complainant reported an unknown utility burns their waste including utility poles and other trash outside of the City of Clinton. The complainant also mentioned the local fire department is a "members only" and will not respond. The complainant stated the reported party was burning at the time of the complainant (10:15 a.m. on February 6, 2008).						
KCRO	2/1/2008	1/29/2008	CAROLYN COCHRAN	Bates City	Lafayette	Burning	Sni Valley Fire Protect. Dist.	MC	A2652
<b>Comments</b>	Since the reported party did not contact the local fire department before burning, burned after 4:00 p.m., burned logs greater than three inches in diameter, and burned waste other than vegetation, the reported party was in violation of the permit issued by the local fire department. Because the reported party was in violation of 10 CSR 10-3.030, Mr. Cunningham issued NOV #A2652KC.								
<b>Comp. No.</b>	KC0812014	<b>Comp. Info</b>	The complainant reported an open burn containing dimensional lumber and tires is in violation of regulations.						
KCRO	2/1/2008	1/30/2008	CHICKEN GROWERS	Sedalia	Pettis	Odors	Tammy Brown	MRM	
<b>Comments</b>	On February 1, 2008, Mr. Vani determined the odors were from contract chicken growers for Tyson. Mr. Vani noted the odors from contract chicken growers that are not classified a Class 1A are not subject to regulation under 10 CSR 10-2.060, "Control of Emission of Odors."								
<b>Comp. No.</b>	KC0812011	<b>Comp. Info</b>	The complainant reported severe odor from the Tyson chicken processing plant. The complainant stated on a scale from one to ten, with one being the worst, the odor is a one.						
KCRO	2/4/2008	2/4/2008	ADVANCED PORK SYSTEMS	Burlington Junction	Nodaway	Odors	Roger Parshall	RAV	
<b>Comments</b>	Mr. Vani noted the CAFO's are classified as 1B, therefore, they are exempt from the department's odor regulation.								
<b>Comp. No.</b>	KC0812013	<b>Comp. Info</b>	The complainant stated their farm, approximately one mile from two Confined Animal Feeding Operations (CAFOs), is being affected by the odor.

**Dates Received or Inspected : 2/1/2008 though 2/15/2008**

<b>Region</b>	<b>Inspection Date</b>	<b>Date Received</b>	<b>Suspected Source Owner/Operator</b>	<b>City</b>	<b>County Name</b>	<b>Type of Complaint</b>	<b>Complainant</b>	<b>Inspector Initials</b>	<b>NOV</b>
KCRO	2/5/2008	2/4/2008	DAVID BOLOJACK	Holden	Johnson	Burning	Richard Brecht	RAV	
<b>Comments</b>	On February 4, 2008, at 8:30 a.m. the department's Environmental Emergency Response (EER) team contacted Mr. Tyler Warner, of the KCRO, who responded to the residences of the reported party and the complainant. Mr. Warner did not observe any evidence of open burning of tires, however, the reported party admitted he occasionally gets brush piles started by burning a tire. Mr. Vani issued a Letter of Warning to the reported party.								
<b>Comp. No.</b>	KC0812035	<b>Comp. Info</b>	On February 2, 2008, at 10:25 p.m., the regional office received a fax stating an individual is burning tires and used motor oil in a furnace. He burns tires at night. The burning occurs almost everyday. Individuals in the area complain of heavy smoke and cannot go outside without inhaling it.						
KCRO	2/11/2008	2/6/2008	NATIONAL STARCH	North Kansas City	Clay	Odors	Jomarie Guasello	MC	
<b>Comments</b>	Mr. Cunningham detected odors at a site approximately 500 to 550 feet west of National Starch. The odors were detected at a seven to one dilution ratio at 1:55 p.m. and 2:28 p.m. At the time of the observations, the wind was from the east/northeast at ten to 15 miles per hour. The odor smelled like a combination of intense rotten grain and wastewater. The closest operation east of the observation site was National Starch's wastewater pretreatment plant.								
<b>Comp. No.</b>	KC0812031	<b>Comp. Info</b>	The complainant reported odors from National Starch were obnoxious throughout the week. The complainant lives in the Columbus Park neighborhood.						
KCRO	2/25/2008	2/6/2008	RONALD JONES	Holt	Clay	Burning	Debbie Viviano, Clay County	MRM	A2734
<b>Comments</b>	Mr. Miller observed open burning of a mobile home, tires and paint cans and issued NOV #A2734KC to the reported party.								
<b>Comp. No.</b>	KC0812042	<b>Comp. Info</b>	The complainant stated the Holt Community Fire Protection District extinguished a fire at a mobile home at 2:37 p.m. on January 3, 2008. Tires and several five-gallon paint cans were observed burning. As the fire fighters were tearing apart the mobile home to reach hotspots, the owners were grabbing material that had just been put out, dragged it aside and set it on fire again.						
KCRO	2/11/2008	2/7/2008	NATIONAL STARCH	North Kansas City	Clay	Odors	Anonymous	MC	
<b>Comments</b>	Mr. Cunningham detected odors at a site approximately 500 to 550 feet west of National Starch. The odors were detected at a seven to one dilution ratio at 1:55 p.m. and 2:28 p.m. At the time of the observations, the wind was from the east/northeast at ten to 15 miles per hour. The odor smelled like a combination of intense rotten grain and wastewater. The closest operation east of the observation site was National Starch's wastewater pretreatment plant.								
<b>Comp. No.</b>	KC0812032	<b>Comp. Info</b>	The complainant reported noxious and offensive smells. The complainant stated the odors are common when the wind is from the north. The odors are particularly bad when driving north across the Heart of America Bridge on Highway 9. There are water treatment pools on the north side of the Missouri River, on the east side of the HOA Bridge, which seem to emit a lot of foul odor. This has been an ongoing problem during the seven years the complainant has lived in Columbus Park.

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
NERO	2/4/2008	2/1/2008	UNKNOWN	Brazito	Cole	Burning	Sam Orr	DLK	
<b>Comments</b>	Mr. Kinkhorst contacted the Cole County Fire Department who stated no fires were reported in the Brazito area on February 1, 2008. On February 7, 2008, Mr. Kinkhorst went to the area described in the complaint and observed a trailer house off of Heritage Highway, near the Wheat Trailer Park, that had a burn pile in the side yard behind the home. The burn pile consisted of household waste, food containers etc. Mr. Kinkhorst did not observe any other areas of open burning in the area described by the complainant. Mr. Kinkhorst did not observe any violation of the open burning regulations.								
<b>Comp. No.</b>	NE08455	<b>Comp. Info</b>	The complainant reported a large black plume coming from behind a trailer located on the west side of Highway 54 near Brazito. The burning occurred approximately a mile to a mile and a half towards Brazito from Donita's Catering, near the twin bridges on Highway 54. The fire is visible from the road.						
NERO	2/4/2008	2/4/2008	UNKNOWN	Powersville	Mercer	Odors	Conrad Farm	DLK	
<b>Comments</b>	Mr. Kinkhorst noted the weather conditions at the time of the concern were clear skies with the wind west to northwest from one to five miles per hour. The relative humidity was approximately 70% and the temperature ranged from 39 degrees to 28 degrees. Based on the weather conditions noted at the time of the concern the most likely source is a Class 1C CAFO. The odor regulation does not apply to CAFOs smaller than a Class 1A size. Mr. Kinkhorst believed the David Conrad facility was most likely responsible for the observed odor. The David Conrad facility is a Class 1C size and is not subject to the odor regulations.								
<b>Comp. No.</b>	NE08456	<b>Comp. Info</b>	On Saturday February 2, 2008, from approximately 4:00 p.m. to 7:00 p.m. the complainant noticed a stout hog odor that caused the complainant's eyes to burn.						
NERO	2/14/2008	2/4/2008	PALLET DEPOT	Marshall	Saline	Burning	Anonymous	DLK	
<b>Comments</b>	Mr. Kinkhorst noted the Pallet Depot is located on a very visible small property in close proximity and between the Excel Meat Packing Facility and the Cold Storage Facility. The entire property is visible from public streets and facility parking lots. Mr. Kinkhorst did not observe any evidence of burning at the Pallet Depot.								
<b>Comp. No.</b>	NE08457	<b>Comp. Info</b>	The complainant stated the Pallet Depot, located at 3505 West Arrow Street, is open burning tires. Mr. Ray Thompson is the owner of the facility and has stated the department will not catch him because he burns on the weekends.						
NERO	2/4/2008	2/4/2008	CITY OF OTTERVILLE	Otterville	Cooper	Burning	Mike Schilb	MGS	
<b>Comments</b>	Mr. Sudholt noted Mr. Ronnie L. Hirst of Otterville has a current open burn permit that is good through February 6, 2008. On February 4, 2008, at 4:49 p.m., Mr. Sudholt spoke with Mrs. Hirst and asked her to give Mr. Hirst a message to be sure to keep smoke and ash from blowing onto the neighbor's house when the brush pile is being burned. Mr. Sudholt tried to contact the complainant by telephone, but there was no answer. Mr. Sudholt did not find any violations of the open burning requirements.								
<b>Comp. No.</b>	NE08458	<b>Comp. Info</b>	The complainant reported people are hauling brush and other materials onto the Jeff Lewis property as they had in April of 2007. The burning goes on almost every day and drops ashes on the complainant's house and he has to breathe the smoke.						

## Monthly Air Pollution Control Program Detail Report

*note: "Comp. Info" refers to complainant information. This is the information the department receives from the complainant and seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

**Dates Received or Inspected : 2/1/2008 though 2/15/2008**

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
NERO	2/14/2008	2/13/2008	TERRA RENWEAL SERVICES	Excello	Macon	Odors	Lori Helm	SMB	
<b>Comments</b>	Regional office staff advised the complainant that until she knows what the odors are caused from and if the odors caused any discomfort to her or her children, she should not subject herself or her children to the odors. Mr. Steve Boone, an inspector with the NERO, conducted a visit on-site and met with the complainant's parents and with Mr. Chris Leathers, of Terra Renewal Services. The operation is applying fields with waste from the ConAgra plants in Sedalia, Marshall and Macon. The facility soon expects to land apply waste from the pork processing plant in St. Joseph. The waste is classified as a fertilizer by the State Fertilizer Control Board. As a fertilizer, the material is exempt from the odor regulation due to the Agricultural Exemption. The odor rules do not apply. Mr. Boone referred the complainant to Terra Renewal Services and to Mr. Joe Slater, with the Fertilizer Control Board.								
<b>Comp. No.</b>	NE08466	<b>Comp. Info</b>	The complainant stated the reported party is land applying an unknown substance to farm ground near the complainant's home and the smell is horrible, similar to rotting meat. Semi trucks with tanker trailers approximately 10,000 gallons in capacity, that appear to have pumping devices, have been driving past the complainant's house for the past several days and applying as early as 4:00 a.m. The complainant believes the company is hauling waste from Con Agra and is concerned the may be over-applying their permitted amount. The complainant is also concerned about what is being applied, whether or not the odors are dangerous to her family's health, and whether or not she should keep her children inside their home.						
NERO	2/26/2008	2/15/2008	UNKNOWN	Holts Summit	Callaway	Burning	Anonymous	DLK	
<b>Comments</b>	Mr. Kinkhorst observed cardboard boxes, etc. on the burn pile upon arrival at the site. Mr. Kinkhorst met with Mr. Jerry Block, of Steve's Pest Control, and Mr. Randy Stegemann, of Randy Stegemann Construction. Both parties agreed to an EAV to discuss the open burning requirements. Mr. Kinkhorst provided the following material as part of the EAV: Facts on Open Burning Under Missouri Regulations, 10 CSR 10-6.045 Open Burning Restrictions and Managing Construction and Demolition Waste.								
<b>Comp. No.</b>	NE08470	<b>Comp. Info</b>	A builder is burning something that puts off a lot of black smoke at the site of the construction of a new metal building on Evergreen, off of Highway OO in Holts Summit.						
NERO	2/25/2008	2/15/2008	CITY OF HANNIBAL	Hannibal	Marion	Asbestos	Anonymous	DLK	
<b>Comments</b>	Mr. Kinkhorst observed the residences cited in the complaint. The residence at 1808 Spruce had been demolished and in a pile on the property. The residence at 1903 Spruce was not yet demolished, only the siding had been removed. The distance between the structures is approximately 85 yards (255 feet). Mr. Kinkhorst met with Mr. Joey Burnham, the Hannibal Building Inspector. Mr. Kinkhorst advised Mr. Burnham that the un-demolished residence will be subject to the NESHAP as it is within 500 feet of the other already demolished residence. Mr. Kinkhorst also provided Mr. Burnham with the EPA's Asbestos NESHAP Clarification of Intent regarding residential building exemption for his reference. The City of Hannibal is taking necessary action to comply, therefore, no violation was given.								
<b>Comp. No.</b>	NE08471	<b>Comp. Info</b>	The City of Hannibal transported waste from the demolition of two residences located at 1808 Spruce Street and 1903 Spruce Street. The complainant is concerned the demolitions should have been regulated as they appeared to have the same owner, were demolished by the same contractor and were in close proximity to each other.						
SERO	2/15/2008	2/4/2008	MR. MATHIEU		Howell	Burning	Anonymous	AB1	
<b>Comments</b>	Ms. Amy Baker, an inspector with the SERO, was unable to determine if the fire was purposely set for fire training and could not determine any violations at the time of the investigation.								
<b>Comp. No.</b>	SE08533	<b>Comp. Info</b>	The complainant stated the reported party, who works with the Eleven Point Rural Fire Department, burned down a building near the community of Burnum. The complainant believes the reported party did not go through the appropriate channels of getting a burn permit. The complainant also stated the reported party has been in trouble before and refuses to do what is required.						

## Monthly Air Pollution Control Program Detail Report

*note: "Comp. Info" refers to complainant information. This is the information the department receives from the complainant and seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

**Dates Received or Inspected : 2/1/2008 though 2/15/2008**

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
SERO	2/19/2008	2/8/2008	UNKNOWN	Willow Springs	Howell	Burning	Anonymous	AB1	
<b>Comments</b>	Ms. Baker noticed a large sawdust pile has been burning for some time. The local fire departments have attempted to put the fire out. The Willow Springs fire department worked with the Missouri Department of Conservation and were unable to put out the fire. Nothing more can be done at this time.								
<b>Comp. No.</b>	SE08549	<b>Comp. Info</b>	The complainant believes a sawdust pile has been burning for approximately four months and sometimes the smoke is so thick it is dangerous for traffic. The neighbors are having problems breathing and they are located approximately two miles away from the site.						
SERO	2/13/2008	2/8/2008	C & H CONSTRUCTION	Rolla	Phelps	Asbestos	Anonymous	WS	
<b>Comments</b>	Mr. Walt Shull, an inspector with the SERO, noted C & H Excavating, Mr. Brian Harris, was awarded the contract by the Rolla City Council to demolish a derelict unoccupied home at 403 North Park in Rolla. Don Maggi, Inc. was awarded the contract by the Rolla City Council to demolish another derelict unoccupied home at 406 East Missouri Route 42 in Rolla. Both homes are owned by Mr. Donald Ratzlaff, an absentee landlord now living in Kansas. Since both residences are approximately a mile apart the residential exemption applies for the Asbestos NESHAP regulation. No written notification nor asbestos survey is required because of the exemption. Don Maggi, Inc sent a courtesy notification for their demolition project. Ms. Oglesby advised C & H Excavating that because of the residential exemption, the asbestos NESHAP regulation does not apply to demolition and renovation projects, but once the structure is demolished the solid waste regulations apply to the debris and it would be to their benefit to remove any transite siding prior to demolition to reduce contamination of demolition debris with asbestos containing materials for disposal costs. Because of the Asbestos NESHAP residential exemption both structures are exempt from any asbestos NESHAP violations during demolition activity, although, OSHA standards are still applicable and solid waste regulations will apply to the demolition debris for disposal purposes.								
<b>Comp. No.</b>	SE08550	<b>Comp. Info</b>	Residences are being demolished that may contain asbestos.
